Location of Incident: Shri Hospital amravati

Incident Detail: A dead body is found near the premises of the hospital covered with blood and cuts all over the body.

Summary of Incident:

An FIR for murder has been registered following a report from hospital watchman, Mukund Singh. Mr. Singh discovered a deceased individual near the post-mortem area of the hospital premises around 11:00 PM last night. The scene, located near the post-mortem section, was described as notably quiet. The victim's body was extensively covered in blood, which was also found on the surrounding floor. Preliminary examination revealed numerous very deep cuts across the victim's body. While no direct witnesses have been identified, hospital CCTV footage is available and has been secured for review. Forensic teams have successfully collected significant physical evidence from the crime scene. The investigation is actively proceeding to identify the victim and ascertain the circumstances leading to this heinous crime. Further efforts are underway to apprehend the perpetrator(s) responsible for this murder.
